The Focus On package is one of the most prominent advertising opportunities within The Network Magazine.

Designed to help businesses stand out, the Focus On package combines a full-page advert with a complimentary editorial feature on the facing page, allowing you to showcase your business in greater detail. As an added bonus, the featured business also receives front cover exposure for even greater visibility.

FOCUS ON

At Worthington Carpentry, I've been helping homeowners transform their properties since 2014. After spending many years working within the construction industry, I decided to establish my own business with a simple goal: to provide high-quality craftsmanship, reliable service and attention to detail on every project.

What started as a small local carpentry business has grown steadily through recommendations and repeat customers who value professional workmanship and a personal approach. Much of my work continues to come from word-of-mouth referrals, something I'm incredibly proud of.

Over the years, I've worked on a wide variety of projects, from fitting internal doors and laying flooring to creating bespoke wardrobes, media walls and fitted storage solutions. I also undertake larger projects, including property refurbishments, timber structures, decking, pergolas and garden buildings.

I understand that every home is unique, which is why I take the time to listen carefully to my customers and

understand exactly what they're looking to achieve. Whether it's making better use of available space, creating a stunning feature piece or improving the functionality of a room, every project is tailored to suit individual requirements and budgets.

My aim has always been to provide honest advice, quality craftsmanship and a dependable service from start to finish. I take great pride in my work and treat every project with the same care and attention I would give my own home.

If you're looking for an experienced carpenter who genuinely cares about delivering a high-quality finish, I'd be delighted to discuss your ideas and help bring your vision to life.

FOCUS ON PACKAGE

Local, Reliable and Trusted

With a passion for quality craftsmanship and an eye for detail, I provide a professional carpentry service you can rely on.

From small jobs to full renovations, I work closely with every customer to deliver beautiful results that stand the test of time.

Friendly service. Honest advice. Quality that lasts.

PAYMENT

To keep payments simple and secure, all advertisers are required to set up payment through our automated payment system using either Stripe or GoCardless.

How It Works

Once your booking has been confirmed, we will send you a secure payment link by email.

Clicking the link will take you to a payment page where you can choose your preferred payment method:

Stripe – Pay by debit or credit card.

GoCardless – Pay directly from your bank account by Direct Debit.

You only need to complete the setup once for the duration of your booking.

When Payments Are Taken

Payments are collected one month in advance of publication.

For example, if your advert appears in the July edition, payment will be collected during June.

Once your payment method has been set up, the first payment will be processed on or around the 11th of each month for the upcoming edition.

Secure & Hassle-Free

Our automated payment system ensures payments are processed securely and on time, allowing you to focus on promoting your business while we take care of the administration.

DEADLINE DAYS

To ensure every edition is produced, printed and delivered on time, The Network Magazine operates to a strict monthly production schedule.

Our deadline day is the latest date by which all artwork, advert amendments, editorial content and booking confirmations must be received. Once the deadline has passed, the magazine enters the production process, allowing time for page layout, proofing, printing and distribution.

Working to a deadline ensures that every advertiser has the opportunity to be included in the upcoming edition and helps us maintain our reliable monthly delivery schedule. As spaces can fill up before the deadline, particularly in popular categories and premium positions, we recommend booking as early as possible.
